Note from the Writer/Director

The creator and director of ACT, Cindy Rivers, approached the older members of Act with an idea. She suggested that we do a production all our own. As a senior member of ACT and an avid writer I took on the challenge of writing my first 1-act play script. I've never directed before and it took an awful lot of work to get this production off the ground. I now have a MUCH deeper appreciation for Ms Cindy's work and dedication. I would like to send out a special thank you to Cindy Rivers, Lisa Letteer, David Smith, Milissa and Eric Wilkerson, Chris Kirkland, all my fellow actors and of course the wonderful audience!

Enjoy!
